AGES
3-5

Handprint Cat

Step 1. Trace your child's hand, or encourage them to try it!

Step 2. (optional) Cut it out

Step 3. Draw a face, or cut out the one on this page.

Step 4. (optional) Color.

Another way to make a Handprint Cat: have your child keep their fingers together and thumb separate. Thumb is 'tail, fingers are 'body.' Add a head. Maybe just the back.
