

MOBILE HOTSPOTS

Mobile hotspots are available to borrow from the Caldwell Public Library's Lucky Day Collection. A WiFi hotspot is a device you can use to connect a mobile-enabled device, such as a laptop, smartphone or tablet, to the Internet.

Who can borrow a mobile hotspot?

Any Treasure Valley LYNX Consortium cardholder, 18 years or older, with a current library card in good standing.

How many can I borrow?

Due to limited quantities, only one device per physical address can be checked out and they are not eligible for renewal.

Can I place a hold on a hotspot?

No, mobile hotspots are part of part of the Lucky Day item collection. No holds or renewals can be placed on items in the Lucky Day Collection.

How long can I check it out?

Hotspots check out for 14 days, no renewals. Hotspots must be checked out and returned to a Treasure Valley LYNX Consortium library location.

What if I need help with the hotspot?

Instruction cards are included with the hotspots. If you need further assistance, please ask staff for assistance. One-on-one sessions with staff are also available.

What if I lose or damage the hotspot?

Overdue fines are \$5 per day. The WiFi hotspot will be turned off remotely if it is not returned on the due date, and Internet access will not be available. If the hotspot is lost, please contact the library immediately. The replacement fee is the market value cost to replace the hotspot, which is currently \$185.
