

Delivery Service Application

Delivery services are now available for Caldwell residents who: Are high risk, have limited transportation, or have a disability preventing them from picking up from the library in person. Patrons must reside within Caldwell city limits. Our team will review your application and add you to delivery if you qualify. We will call you after we have reviewed your application to let you know if you will be receiving services, what to expect from the process, and when that start date will begin.

Delivery will include: Dropping off items that we have checked out to your account and picking up any items that you have to return.

If you have items on hold and they are ready to be loaned out, we will check out your items and deliver them to you.

Delivery is twice a month. Time of day for delivery is between 1pm-2pm every other Thursday.

Name: _____
Last First Middle

Library Card Number: _____ **Phone Number:** _____

Address: _____

Are you:

High risk

Without transportation

Disabled

Caldwell Public Library is dedicated to the ideal of equal access to information for all. The Caldwell Delivery Service strives to meet this ideal by providing information and materials to those who cannot come to the library because of age, illness, or disability. We will make every effort to provide books and other library materials on a regular schedule to these individuals.

Homebound and Delivery Service users, as well as all users of the library, are responsible for the materials loaned to them. Please do not give or loan these materials to others. Please remember to return items before they are due or renew them when necessary. We trust that our users will exercise normal care of the materials while they are in their possession.

If you plan to be away from home during your scheduled pick-up and delivery day, please notify the Outreach Services Librarian, Karla Ayala, as soon as possible. We will make sure to cancel your delivery and you can reschedule for a future time.
